Employment for rural poor under NREGA

1158. SHRIMATI HEMA MALINI: Will the Minister of RURAL DEVELOPMENT be pleased to state:

(a) whether all the States under flagship scheme National Rural Employment Guarantee Act (NREGA) have been able to provide employment since its implementation to the rural poor to the fullest extent;

(b) if so, the details of such States; and

(c) if not, the details of such States and the reasons therefor and what action Government is taking against those States since unemployment is the burning issue in the country?

THE MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI PRADEEP JAIN): (a) to (c) NREGA was implemented in 200 districts with effect from 2.2.2006 and 130 additional districts were covered under the Act during 2007-08. All the remaining rural areas of the country have been covered under the Act with effect from 1.4.2008. The Act provides a legal guarantee for 100 days of wage employment in a year to every rural household whose adult

members volunteer to do unskilled manual work. Thus, NREGA is demand based. Number of households provided employment depends on the number of households who demand employment. As per reports received from the States. 2.10 crore households were provided employment during 2006-07; 3.39 crore during 2007-08; 4.49 crore during 2008-09 and 1.59 crore households have so far been provided employment during the current year. State-wise details are given in the Statement.
